## *Uepi Island Resort* SOLOMONS ISLANDS

Uepi Island Resort is perched on the edge of the largest lagoon in the world.

This area of the Western Province, offers opportunities for visitors to experience the culture of local people whilst relaxing in a tranquil environment.

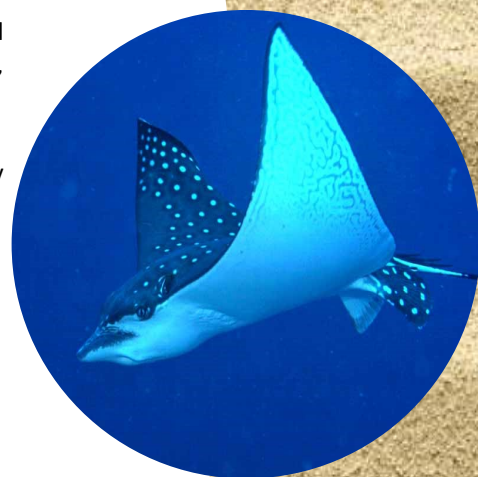

Uepi Island is approximately 2.5 km long and up to 600 metres wide, and the whole area, aside from the resort's cultivated tropical gardens, is covered with tropical rainforest interspersed with walking tracks.

Guests can participate in a variety of activities or simply relax. The lagoon side of the island has a sandy beach, with clear shallow water suitable for swimming, paddle and sail boarding, and canoeing. Uepi Resort is the only operation on this remote island.

There are no villages on the island. Guests can book at the Resort for trips to the nearby villages and rivers to enjoy the local culture and natural beauty.
